室内装饰中精致和优雅一直是我们力求达成的两种品质。在寻求功能性和美学之间的完美平衡中，带有镀铬轮毂的镜柜闪亮诞生了，兼具多功能性和风格化。这件家具完美融合了现代和经典的设计元素，拥有独特魅力，可将任何空间都变成与众不同的角落。

闪耀着金属光泽的玛丽亚脚轮不仅赋予家具现代精致的外观，而且与镜子本身的光泽交相辉映。当我们低头，凝视着在地板上轻轻滑动的脚轮时，就会发现它就如同镜子一样，映射着周围的一切。这种倒影游戏巧妙地将意想不到的细节统一，丰富整个空间的美学内涵，让人叹为观止。

这款带有镀铬轮毂的镜面家具不仅是一件单纯的家具，更是一件功能性艺术品，可将家居的美学档次提升至新的水平。无论是在客厅、卧室还是优雅的工作空间中，这件家具都将成为关注的焦点和话题的中心，这要归功于其精美的镀铬轮毂所映射出的光彩，将平凡的镜子化为魔镜，散发着高雅生活品味的魅力。

Refinement and elegance are two qualities we often seek to incorporate into our interior decor. In the quest for that perfect balance between functionality and aesthetics, a mirrored furniture piece with chromed wheels emerges as a versatile and stylish gem. This piece seamlessly blends elements of contemporary and classic design, offering a unique charm that will transform any space into a corner of distinction.

The chromed wheels not only provide a modern and sophisticated appearance to the piece but also awaken a curious similarity to the mirror itself. As we look down, observing the wheels gliding smoothly across the floor, we discover that, just like the mirror, they reflect the world around them. This play of reflections becomes a fascinating reminder of how the most unexpected details can unite and enrich the aesthetics of a space.

Whether placed in the living room, bedroom, or even within an elegant workspace, this piece becomes the focal point and a conversation starter, thanks to its chromed wheels that reflect the beauty surrounding them, much like a magical mirror reflecting the charm of your lifestyle.

在不拘一格的室内设计世界中，有时大胆和想象力会引导我们创造真正独一无二的空间。试想一下，一个可以肆意表达个性和原创性的空间，一个传统和创新发生碰撞的地方。在这个创意的角落，一个老式的电视柜融入脚轮的设计后，摇身一变成了一件设计杰作，在整个环境中宛如画龙点睛一般，意趣盎然。

奥林脚轮优雅和现代的风格与家具的复古风格形成鲜明对比，赋予其新的生命。它们是空间中的灵魂和核心，以其非比寻常的设计和强大的移动能力吸引着所有人的目光。

这种装饰风格敢于挑战传统，大胆融入非传统元素，讲述不一样的故事，传达另一种情感。最终效果展示了颜色、纹理和形状等元素的碰撞带来的视觉冲击，每个精心挑选过的细节都足以引人入胜，让人目不转睛。

OLYM 75-3

In the eclectic world of interior design, sometimes boldness and imagination lead us to create truly unique environments. Imagine a space where personality and originality are expressed without constraints, a place where tradition meets innovation in a surprising way. In this corner of creativity, an antique TV stand has been transformed into a design masterpiece by incorporating Olym wheels, becoming the central and most intriguing element of the ambiance.

The Olym wheels, with their elegance and contemporary style, contrast with the antique nature of the furniture and breathe new life into it. They are the soul and heart of the space, capturing all eyes with their unusual design and their ability to move.

The decor dares to challenge conventions, encouraging the inclusion of non-traditional objects that tell stories and evoke emotions. The result is an explosion of colors, textures, and shapes, where every detail is carefully chosen to create a captivating visual narrative.

# DHIRAJ CHOUDHARI, INDIA

A passionate Product & Industrial designer, striving to become better and learn something new everyday by keen observation skills to identify problems and execute better solution. Skilled in Critical Thinking, Conceptualization, Prototyping, Packaging Design, 3D Modeling, UI UX, Graphic Design.

**What everyday object do you think would be much better if it had the ability to speak?** I believe my plate should have the ability to speak so it can guide me on what to eat, when to eat, and why to eat. This would help me lead a healthier life, and it would make mealtime more enjoyable, reducing feelings of loneliness during meals.

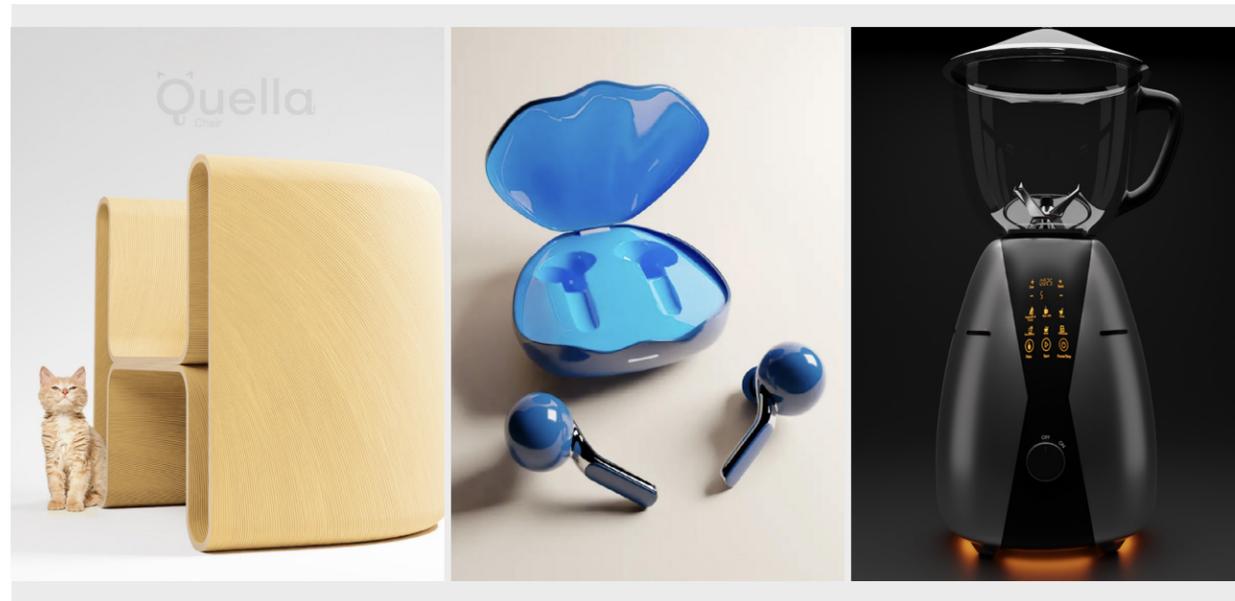

**If you could time travel, which influential design era would you like to visit, and why?** I would love to travel back to 1920s Germany and be a part of the Bauhaus era. I'd like to participate in the establishment of this influential design style and have the opportunity to learn from legends like Marcel Breuer and Walter Gropius.

**How did you start your career as a designer? Have there been any special moments or experiences that inspired you?** I began my career as a designer as a keen learner and a sharp observer. The field of design is like an opportunity for me, where I enjoy solving problems creatively and making a positive impact on a wide audience. My journey into design started in my childhood when I was around 11 years old. I used to frequently lose my stationery, which led to my mother scolding me often. This situation bothered me, and I decided to come up with a creative solution. I attached bands to all my stationery items and created a keychain attached to the pencil box. This innovation prevented me from losing my belongings, and it was both a problem solver and aesthetically pleasing. This moment marked the beginning of my path as a designer, and I've been living that dream successfully.

**When it comes to designing, what superpower would you like to have?** In the realm of design, I believe my superpower would be the unwavering determination to overcome challenges and a deep sense of empathy for problem-solving. I believe that nothing is impossible, and this mindset drives me as a designer to tackle and solve complex problems.

**Which of your designs would you choose to survive a zombie attack?** I have a design called "Thanos," a heavy and durable car designed to withstand serious car crashes. I believe this design would help me stay protected and survive during a zombie attack.

**What do you value the most when selecting wheels for a design?** A wheel is a crucial part of the design. It serves both a functional and aesthetic purpose, and I consider both factors.

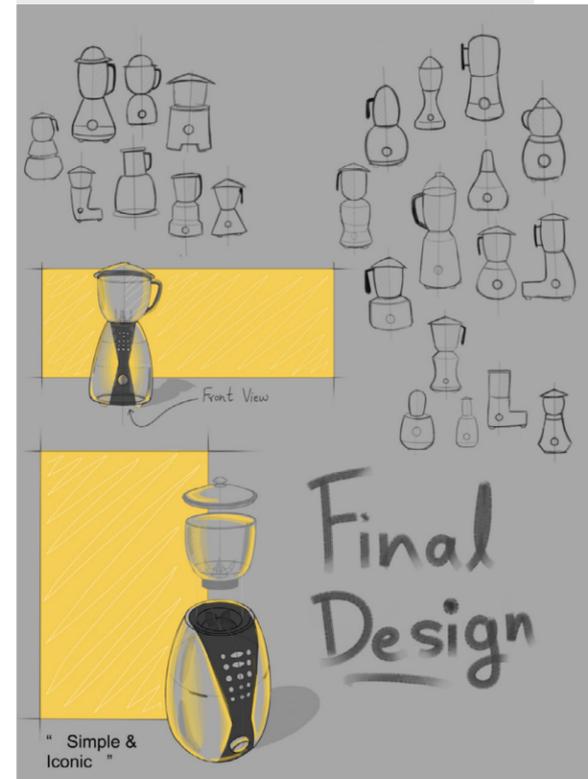

**If you had to design furniture with wheels, what would it be?** I would choose to design cupboards with wheels. Adding wheels to cupboards would greatly enhance their functionality and convenience.

**If you could have dinner with any designer, who would you choose?** I would love to have dinner with Leonardo da Vinci, a remarkable designer, innovator, and artist.

**Can you share an anecdote from one of your projects?** There are many anecdotes from my projects, but one of my favorites involves a mixer grinder. One morning, there was chaos in my house as my parents were having a disagreement. The reason turned out to be a malfunctioning mixer grinder, which my mother had asked my dad to get repaired but he had forgotten. I decided to design a new mixer grinder that would not only be functional but also symbolize my dad's contribution to the kitchen. I sketched out my ideas, developed them into 3D models, and created renders for the final design.

**What do you currently think about your first design?** My first design was a bit messy, but it was also a sincere attempt by me. I always appreciate my initial designs because they played a crucial role in my evolution as a designer. Evolution is a natural process that helps you improve and prepare for the best, and my early designs make me feel proud of how far I've come.

他是一位充满激情的工业和产品设计师，勤勉钻研，逐日进步，以其敏锐的洞察力发现问题并优化解决方案。是批判性理念、概念化、原型制作、包装设计、3D建模、用户界面和用户体验设计，平面设计领域的专家。

**带脚轮家具的设计中，你认为哪一环是最重要的？**脚轮是设计的关键部分。一个脚轮，要兼具功能性又具观赏性，这是我要考虑的两个因素。

**日用品中，你希望哪一件会说话？**我希望我的盘子可以说话，这样它就可以指导我吃什么，什么时候吃，为什么吃。这会帮助我过上更健康的生活，用餐的时候更加愉快，也会减少我吃饭时的孤独感。

**如果你可以穿梭时空，你想要去哪一个有影响力的设计年代，为什么？**我很想回到1920年代的德国，成为包豪斯时代的一员。我想参与这种有影响力风格的兴起，并有机会向马塞尔·布鲁尔和沃尔特·格罗皮乌斯等传奇人物学习。

**你是如何开始你的设计生涯的？有没有特别的时刻或者经历激发了你的灵感？**我的设计生涯是从做一个敏锐和善于观察的学习者开始的。设计领域对我来说就像一个机遇，在设计中我享受创造性地解决问题，为用户带来积极影响。我的设计之旅始于我的童年，当时我大约11岁。我以前常常弄丢学习用具，导致妈妈经常骂我。这让我很是苦恼，就决定找一个创意解决办法。我把我的所有文具都用带子系上，做成钥匙链绑在我的铅笔盒上。这项创新避免了我弄丢物品，同时又美观。这一刻标志着我的设计之路的开启，从那时起，我开始实现我的梦想。

**设计的时候，你想要拥有哪一个超能力？**我认为在设计领域，我的超能力是克服挑战的坚定决心和解决问题的强大同理心。我相信没有什么是不可能的，这种心态驱使我以一名设计师的身份去处理和解决复杂的问题。

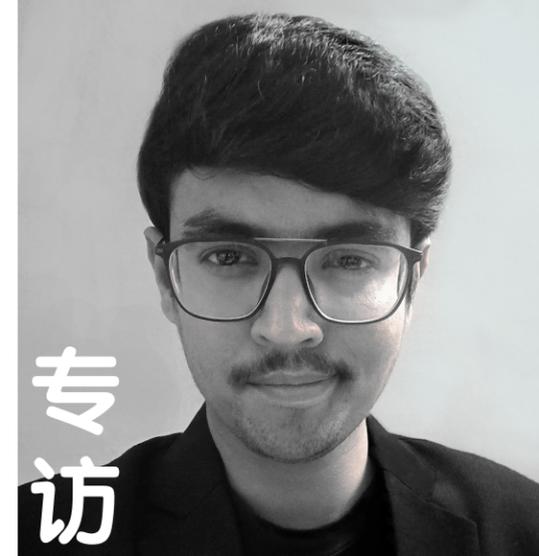

**如果你必须得为一件物品安装上脚轮，那这会是什么？**我会选择设计带脚轮的橱柜。在柜子上装上脚轮将大大提高其功能性和便利性。

**如果你有机会和一名设计师共进晚餐，你会和谁一起去？**我很想和达芬奇共进晚餐，他是一位杰出的设计师，创新者和艺术家。

**你可以和我们讲讲你项目中发生的一些趣事么？**我的项目中有很多趣事，但是最喜欢那个关于搅拌机的趣事。一天早上，我家一片混乱因为我的父母发生了争吵。原来是因为搅拌机坏了，我的母亲让我父亲修理，但是他忘记了。我就决定设计一款新的搅拌机，不仅功能要强大，还要显示出我父亲对厨房的贡献。我勾勒出我的想法，用3D模型做出来并为最终设计做出了视觉效果。

**丧尸来袭时，你会选择你的哪一项设计求生？**我有一个叫做“灭霸”的设计，是一款坚固耐用的汽车，旨在承受严重的车祸。我认为这种设计可以帮助我在丧尸攻击中受到保护并生存下来。

**你现在怎么看待你的第一个设计？**我的第一个设计有点不成章法，但这也是我最真诚的尝试。我总是很喜爱我最初的设计，因为它们在我作为设计师的发展中发挥着至关重要的作用。进化是一个自然的过程，可以帮助你改进并得到最优，我最初的设计让我为我的成就感到自豪。

在室内设计的美妙世界中，复古风格独树一帜，别具魅力。在这个空间中，一件经过精心修复具有现代气息的古董家具无可争议成为主角：配置100毫米直径的伊娃脚轮，每个脚轮承重高达75公斤。

这件家具的棕色调唤起人的怀旧之情，本身就是一件杰作。其中的细节讲述了过去几代人的故事，而现代设计的脚轮则为整体增添了意想不到的惊喜。这个高承重脚轮不仅功能强大，而且风格鲜明，将复古与现代无缝融合。

装置上这些坚固脚轮的家具，移动再也不是难事，脚轮的存在为室内装饰的协调规划提供了极大的多功能性。这一案例在创意重现经典物件的同时也未破坏其本身的历史价值，堪称绝佳。

In the wonderful world of interior design, a corner of vintage style becomes the stage for a unique charm. In this space, the indisputable protagonist is an antique piece of furniture that has been carefully restored with a modern touch: 100 mm diameter EVA wheels, each capable of bearing up to 75 kg of weight.

This furniture piece, infused with brown tones that evoke nostalgia, is a masterpiece in itself. Its details tell stories of past generations, while the contemporary design wheels add a surprising twist to the ensemble. These high-capacity load wheels are not only functional but have also become a statement of style, seamlessly blending the old with the new.

The incorporation of these robust wheels allows the furniture to move with ease, providing exceptional versatility in the arrangement of interior decor. An example of how innovation can revitalize a classic piece without compromising its historical character.
